One of the proposals we are reading a great deal about nowadays, for repairing the ravages of the world-wide depression, is an international economic conference. This conference, it has been suggested, could do many things. For one thing, it is said, it could settle the questions of international debts and reparations. Then again it could bring about an agreement for a lowering of tariffs, and might reach some sort of an agreement for re-allocating the gold of the world. All of these proposals are decidedly interesting from the American standpoint and deserve close scrutiny.

In the first place, any scaling down of the German reparations would be expected to bring an equal scaling down of the allied debts. Through this process the task of paying for the World war would be taken from the shoulders of the Germans and placed squarely on the shoulders of the people of the United States. We doubt whether this would be very popular in the United States, no matter how highly it might be acclaimed in Europe and in international circles here. In the war settlements Uncle Sam demanded and accepted no reparations from Germany. He was willing to wipe the slate clean in order that the world might get a good start. He even cancelled most of the debt owing him from the allied nations excepting the part which was contracted after the signing of the armistice. It is hard to see therefore why he should be especially interested in reparations. The allied nations could have followed the same course that Uncle Sam did at the close of the war and if this had been done there would not be so many international problems today. At any rate, whether this would have been just or practicable at the time it is hard to see why Uncle Sam should be made to bear the burden of the war now.

Internationalists tell us we ought to make these sacrifices because such action will restore world trade and make us prosperous again. But most Americans know that over ninety per cent of what we produce is consumed in America and less than five per cent of our total trade is foreign trade which would be affected by any new international sacrifices on our part.

President Hoover well-said recently that "recovery of the world now rests and awaits in no small degree upon our own country, the United States of America. Some individuals may have lost their nerve and faith but the real American people are digging themselves out with industry and courage." All of which is true, and it is those who have lost faith in America and its resources and enterprise who will be proposing to settle the depression by international conference. As one New York financier, who has a nationalist vision, said recently: "The trouble has been that our mental energies were dissipated in hectic jumps over huge geographical areas. We cannot adjust the troubles of 90 per

Laid At Rest
Monday Morning

Funeral services for James Fay, 82, were held from the parlors of Curry & Gripenstraw Monday morning, with the Santa Clara Odd Fellows lodge conducting the services. The local Odd Fellows assisted them.

Fay passed away Friday at noon after an illness of several years. He had been a resident of Campbell for 36 years, having come here from New York in the early '90's, settling near Santa Clara, and a little later moved here.

He was in the contracting business for many years but retired several years ago and opened up a shoe repairing business on S. 1st st., and up until the time of his illness two years ago, operated steadily.

Fay had been a member of the Odd Fellows for 50 years and had just received a medal from the Santa Clara lodge for 35 years of active membership. He was always present at all meetings of the Morning Light lodge in this village.

Surviving him are his widow, Loretta E. Fay, and children, Mrs. Verna Billings of Montebello, Mrs. Mary M. Weaver of San Jose, James W. Fay of Petaluma, Arthur Fay of San Jose, and three grandchildren, Lealand Weaver, Ethelyn Fay and James Fay.

C. OF. C. TALKS
INCORPORATION
AT LAST MEET

Incorporation of Campbell was again discussed as the only solution of a number of problems in this community at the regular session of the Chamber of Commerce here last Tuesday evening.

It was pointed out that with the town incorporated, the failure of some of the people to cooperate with various civic moves, garbage disposal, street paving, and police problems, could be met with organized authority.

S. N. Hedegard proposed the extension of the lighting district to take in North Union, Ryder tract, Winchester and Hamilton subdivisions and Campbell and Rincon avenues. Mr. Hedegard stated that his subdivision was ready to cooperate in any such movement.

Plans for Old Settlers day were discussed. H. M. Shadle directed the meeting in the absence of President Dr. F. R. Anderson, who attended a meeting of the county mosquito abatement committee in Sunnyvale that evening.

MISS ALICE BALLOU
OPENS BEAUTY
SHOP; CURRY BLDG.

Miss Alice Ballou has opened her Paramount Beauty Salon upstairs in the B. O. Curry building, in the rooms formerly occupied by Dr. C. E. Farman, and is now ready to take care of local beauty needs.

To the ladies of Campbell and vicinity Miss Ballou offers the very best service and work at prices conforming with present conditions. She is expert in all lines of beauty work, marcelling, finger-waving, and permanent waving, having operated a beauty shop in the same location in Los Angeles for five years, and is proficient in every branch of cosmetology under a state license.

Ladies are cordially invited to call and talk over every beauty requirement.

CAMPBELL TEAM
HEADS WESTERN
LEAGUE, 2 WINS

The Campbell baseball nine won another game here Sunday when they defeated the Santa Clara Merchants in a hard fought game which resulted in a score of 7 to 6. The tally was tied several times during the game, but Campbell took a three-run lead in the seventh inning and the Merchants were unable to catch up with them. Hammer, hurling for Campbell, displayed a lot of speed and struck out eight men.

The game scheduled for next Sunday is with the Y. M. I. players.

Campbell has joined the Western league, which was recently formed, and so far lead the other members with two games won and none lost. The local players feel they have a good chance to win the league championship.

GAS THEFT LANDS
SEVEN YOUTHS IN
PLENTY TROUBLE

A number of Campbell youngsters came to grief last week when Frank Mirandi, Charles Bedal, Claud Brewer, Martin Raabe, Pauline Johnson, Elmer McKay and Franklin Bedal, were implicated in the theft of gasoline from the local gravel plant. The latter two escaped capture but gave themselves up Saturday, while Charles Bedal and Martin Raabe were said to have been caught in the act of pilfering the gasoline tank by the foreman of the plant. The other members of the crowd were taken into custody at intervals by local officers.

All seven culprits were arraigned before Judge John Blaine this morning, and were bound over to the juvenile court in San Jose. The trial will be held Friday.

CARL FIELD HEADS
COMMUNITY CHEST
HERE THIS YEAR

The Campbell division of the Community Chest held a meeting at the Campbell Water company's office last evening and elected officers for the coming year. Ralph Hyde, last year's president, conducted the meeting. New officers are: Carl Field, president; Walter Stray, vice president; Guy Farley, financial secretary, and Mrs. Gordon Ainsley, secretary. The budget was set for the same amount as that of last year, \$2,250. No campaign manager was selected, but will be appointed later by the officers.

This division of the community chest is divided up into so many districts, and each district has a manager or captain with a number of co-workers under him. These will be announced at a later date, and actual work on the campaign is expected to begin soon.

New Speedway
At Oakland
Opens Oct. 18

Oakland, Oct. 13 — The deep-throated roar of racing cars whirling around the track at speeds of from 110 to 120 miles an hour returns to northern California Sunday afternoon, Oct. 18, when the new Oakland speedway, located on East 14th st. just off Telegraph rd., holds its inaugural classic.

Three events are scheduled — time trials, a 20-mile consolation race for drivers not fast enough to qualify for the main event, and the 100-mile battle in which the fastest cars in the country will compete. Some idea of the speed which the pilots expect to attain may be gained from the fact that every automobile to get into the big battle of the afternoon must circle the steeply banked speedway at at least 100 miles an hour.

And it is predicted that the better space annihilators will have little trouble circling the oval faster than 100 miles an hour, for many of the leading speed kings of the country will appear behind the wheels of the same mounts they drove at Indianapolis this year—two-man eight, 12 and 16 cylinder juggernauts all capable of from two miles a minute up.

The new Oakland speedway, costing \$100,000 will be completed Sunday. For the past month and a half workmen have been kept busy night and day building the track and grandstands. Thursday morning the first oil on the earth surface was laid and even now the steeply banked curves and straightaways of America's fastest mile oval are dustless. With a week remaining it will pack to an even greater extent, it was declared by A. C. Stephenson, in charge of actual construction.

Ralph Hepburn, whose entry was announced Tuesday, is expected to arrive in northern California with his eight-cylinder, two-man Miller Special today. He is planning, it was revealed, to begin his first workouts Wednesday. "Hep" won third place in the five-century grind at Indianapolis Memorial day and he will be behind the wheel of this same mount on the 18th. Ralph is one of the leading speedway pilots of the United States and his entry at this date should give racing fans throughout northern California some idea of the competition they may expect to see on the Oakland speedway the afternoon of the 18th.

Then in addition there's going to be the battle for Pacific coast championship points, which at the present time has simmered down to a five-cornered race between Ernie Triplett, Chet Gardner, "Stubby" Francis Quinn, 1930 champion, and Arvol Brunmier who has been driving like a maniac in the last four or five speedway meets.

Right now Triplett's on top of the heap, with Gardner just a step behind him. Ernie's lead is a very slim one and the consistent Gardner (Continued on Page 2)

If You Must Go Out of Town to Trade, Patronize These Enterprising Los Gatos Firms Who Are Doing Their Utmost for Your Benefit

Los Gatos is the home of wide-awake merchants who want to see their city grow into one of the most progressive little cities in the section. This section of the state is now enjoying a period of progress and prosperity. Los Gatos concerns of all kinds—banks, merchants and

manufacturers can be depended upon to do their part to help this condition continue. If the residents of a district have to do their shopping in some distant city, the home community suffers accordingly. The wants, desires and demands of the entire population of the dis-

trict are taken care of by Los Gatos business firms, who carry metropolitan stocks of quality merchandise. In this, our survey or review of practically every line of business in the city we find that these concerns, reviewed on these pages, carry stocks and give serv-

ice that would be a credit to a much larger city than Los Gatos. We also found that their goods were marked at moderate prices. Allow us to suggest that before you drive to some distant city to shop try YOUR HOME and LOS GATOS MERCHANTS FIRST.

R. H. SUND

Contractor

Located in Los Gatos at 107 Foster road, phone 734, is a contractor of proven ability and enjoying a well merited patronage from the surrounding territory. He has had charge of some of the largest contracts in this section. In review of the business interests of Los Gatos, there is no one firm more worthy of extended mention than this one. Here the public has at its disposal the services of a man who possesses the knowledge and who obtained his building and business education in the school of practical experience. From the inception of this contracting business, quality has been the aim

and the standard of excellence has been maintained from the beginning. The name R. H. Sund stands for quality, reliability, and progress in the contracting and building lines of this section of the country, and as the advances of the period have marked improvements this firm has adopted these late scientific products as rapidly as they were approved by the trade. R. H. Sund has won a warm place in the hearts of the public through the excellent work he has executed in every branch of the contracting business.

The public has come to understand that when a contract for this class of work goes to this firm it is executed according to specifications and a satisfactory job is certain. It is a pleasure for us to point to this concern as one of the leading enterprises of this section and to say that it has always been eminently fair and honest as well as progressive and up to date and that he has won for himself a reputation of having the leading concern engaged in this special field of endeavor and to point to advantages of transacting business with him.

KERFUL LAUNDRY SYSTEM

Quality Work—Moderate Prices

Located in Los Gatos at 226 E. Main street, phone 377, this is one of the most prominent and well-known laundry firms in this part of the country. Meeting with instant and almost universal approval the work of this company is now going into all parts of the country, and with the dawn of new prosperity in the country, the future will see this firm one of the busiest beehives of industry, as prosperity gives impetus to the desire for efficiency. There is not an establishment in the country which is of

greater commercial value than this company. The name stands for quality, reliability and progress in the laundry business of this section of the country, and as the advances of the period have marked improvements this firm has adopted these late scientific methods as rapidly as they have been approved by the trade. They have won a warm place in the hearts of the public through the excellent work they have executed in every branch of the laundry business. The thinking pub-

lic has come to understand that when work goes to this firm it is executed according to their reliable methods and a satisfactory job is certain. The volume of their trade which comes not only from the immediate vicinity of Los Gatos, but from a large area of surrounding country, puts great emphasis on the fact that this excellent laundry service is pleasing the public and that they are making staunch friends throughout the entire extent of their trade territory.

O. A. FOSTER, FLORIST

"Say It With Flowers"

Located in Los Gatos at 101 W. Main street, phone 362, is the popular Floral Shop, which is furnishing Los Gatos and the surrounding territory a choice selection of cut flowers, floral designs and potted plants in the freshest of condition. They also offer metropolitan service on phone and mail orders and maintain a telegraph service whereby you can send your floral order by wire if purchased from this well known establishment. This is one of the most popular and efficient establishments in this section, serving not only the

city, but all of the nearby territory with floral offerings of superior beauty. There is no other establishment more worthy of prominent mention in this edition than this popular flower shop. The proprietor has provided a service and stock of the highest character which compares very favorably with that of the most extensive and artistic dealers in the larger cities. It is a well established fact in this section that this establishment offers the trade a choice from the most artistic and attrac-

tive line in the county and Los Gatos and the surrounding country should take pride in the fact that they have such a metropolitan stock to choose from. In fact with a comprehensive knowledge of harmonious combinations and arrangements that stamp them as true artists in this work, they have won no little distinction because of the eminently satisfactory and high grade flowers provided for the convenience of the people. We are pleased to compliment this firm upon its success, and the leading position which it occupies in this section of the state.

PREMIER THEATER

The Home of the Latest And Best Talking Pictures

Located on Santa Cruz Avenue, phone 21, the Premier Theater is the finest showhouse in the district and is furnishing the people with up-to-date motion and talking pictures. They offer feature productions and bring the world's stars of the screen to Los Gatos. They merit the liberal patronage of the people and constitute one of the important features of the commercial organizations of the community. They bring social entertainment to the city under the direction of one of the most prominent theatrical men in this part of the state. The theater is attractively furnished, tastefully decorated and comfortable in every way, being pleasing to the eye, restful to the tired nerves and jaded senses. Amid attractive surrounding you are entranced by the excellent and dreamy music while the world's greatest actors of shadow and stage play the productions of the most renowned playwrights of the continent. You see romance and fiction, travel, war, drama and all the various phases of life depicted, not only for entertainment of the public, but for education and intellectual uplift as well.

SCHOOL NOTES

The Campbell high school basketball teams played St. Joseph's here Saturday night. The first game, between the 110's, was hard fought, but the St. Joseph lads were too good for Campbell, nosing them out 11 to 7. The first half of the 120's game was slow, with Campbell on the short end of the score, but in the last half showed a bit of spirit and took the visitors 17-13.

The G. P. A. L. held a picnic at Hacienda Saturday, Oct. 3. Girls from Santa Clara county who have earned their emblems were invited. There was swimming, games and eats, all of which were enjoyed. Campbell had ten representatives: Emma Dobber, Alice Grant, Eva Gurkovich, Catherine Hobe, Lulu Murdock, Antoinette Melvini, Della Del Grande, Alberta Lantz and Miss Howes.

Students of the high school have started a school paper. It is called the "Oriolet" and is issued every other Friday.

Leland Lea spent Sunday fishing at Santa Cruz and came home with a load of fish.

SPEEDWAY OPENS

(Continued from Page 1) has been creeping up on him slowly but surely. The only thing that kept Triplett from being bumped off the top rung of the title ladder at San Jose ten days ago was the fact that his closest rival broke a drive shaft in one of the sprints and couldn't continue.

But Brunmier continued his march toward the 1931 championship. He drove a wonderful race, kept out in

front all the way and set such a hot pace that none of his competitors could catch up to him. Whether he'll be

able to continue his winning streak with pilots of the caliber of Hepburn is a mighty big question.

Natural Gas makes this service cheap

YOU CAN'T BE CLEAN without hot water. And hot water without delay or bother saves your time and energy. Around the house, instant hot water cleans two to twenty times faster. Think what a time saver this is to the housewife. It gives her hours of freedom each week for pleasures. As for cost, instant hot water costs less per gallon than any other method of heating water. This is especially true now because of cheap Natural Gas.

You never watch the Automatic Gas Water Heater The Automatic Gas Water Heater requires no watching. It heats water to 140 degrees, stores it, and turns itself off. All you ever do for a basinful or a tubful of hot water is to turn the faucet any time of the day or night. The water stays hot because the boiler is insulated. No gas is wasted. Stop in today at our office and see the Automatic Gas Water Heaters. You can have one installed in your home now for a small sum, the balance to be paid in monthly installments.

EASTSIDE MARKET

Offering the Trade Fresh Meats At All Times

B. Balzer maintains one of the most modern markets in Los Gatos. Phone 168, located at 39-41 E. Main street. They are extensive dealers in high grade meats, hams, bacon and lard. This firm is one of the most substantial contributors to the continued progress and prosperity of this section. This well-known firm is the most prominent in its line in this section and its plant is modern and up-to-date in every particular, clean and sanitary throughout. The business is conducted along progressive lines and we are glad to say that this company is a credit to the community. This is a local institution with local interests at heart and it should receive the consideration of all residents of this section. To be able to make certain of getting the very best of fresh meats is a boon to any city. At

this market only the most healthful processes are used and consequently their products are not only health protecting but are also health-giving. This establishment is one of the busiest spots in Los Gatos and the business has grown to large proportions and the demand for their products is fast surpassing their highest expectations. Mr. Balzer and employees alike are courteous and efficient and thoroughly conversant with every feature of the meat business. As a result the work of the firm moves along at a rapid rate and in a highly satisfactory manner. Mr. B. Balzer has been closely allied with the large business interests of this section for some time and has been one of the instruments in the upbuilding of this part of the state, and his institution should receive the patronage of the people of the surrounding territory.

SEA SCOUTS HOLD BOAT RACES AT ALVISO SUNDAY

The annual free boat ride of the Campbell Sea Scouts to their prospective members was a grand success. Towing five fleet sailboats out of Alviso slough the motor sailors with their new members went out into the bay Sunday morning.

Tying up at the power house dock the sea scouts got their boats ready and at the signal sailed a course northeast around a powerline tower and back. Byron Smith's boat, a flat bottomed skimmer, proved by far the fastest. The Sea Scout wherry won second. Byron retired after the first race as his boat was not suitable for the rough water and took so much water over the bow that one man was constantly bailing.

The second race was run west from the dock to the first light buoy and back, and was won by Miles Standish, Harry Bloom and Norman McVea in the Noel Voge boat. The Sea Scout wherry was second until the turn, where it capsized, keeping

The motor sailer was sailed back and forth across the bay many times, much to the pleasure of the new members and visitors. The new Sea Scouts received their share of thrills that day.

Give your old stove
a chance

There is no need to discard that old stove,
when the installation of a gas heating unit
will renew its youth in jig time. These gas
heaters, as I build them, are satisfactory in
every way; they are simple, almost impos-
sible to get out of order, and economical, as
any local user can tell you . . . I will be
pleased to call, look over your stove, and
give you an estimate. Prices are lower than
for other heaters.
